Weekly Newsletter
16th October 2026

Dear Families,

It was wonderful to see such a fantastic turnout at Parents' Evening. Thank you to all our families who were able to attend. Working together is key to ensuring the very best outcomes for our children. If you were unable to make your appointment, please contact your child's class teacher to arrange a catch-up meeting.

As the weather becomes increasingly autumnal, please ensure that your child comes to school each day with a warm coat and suitable clothing for the cooler temperatures. We make every effort to get outside whenever possible, so being dressed appropriately helps children stay comfortable and enjoy their learning and play.

We are also looking forward to our Spooky Disco next week! This is set to be a fantastic event and a wonderful opportunity for children to have fun with their friends. If your child is attending in fancy dress, we kindly ask that costumes are fun and age-appropriate rather than too scary, helping to ensure that all children feel comfortable and able to enjoy the event. We can't wait to see everyone there for dancing and Halloween-themed fun. 🎃👻

Thank you, as always, for your continued support.

Mrs L Harris
Executive Headteacher

Class 1: Autumn has begun in Class 1 where we have been looking at books all about seasons, especially Autumn. We have been on an Autumn walk and collected lots of different coloured leaves as well as finding some acorns and sycamore seeds. In our classroom we are looking forward to carving a huge pumpkin ready for the Halloween disco next week.

Class 2: Thank you for your time, this week, to attend parents evening- it was lovely to chat to you all. In Maths, the Year Twos have been learning related facts and the Year Ones have been using a number line to add. We have learnt about what healthy eating looks like in Science and how to care for our natural world in Religious Education. Looking to next week, we are excited to begin reading The Dragon Machine in English.

Class 3: In Class 3, we have been practising column addition with exchange and have now moved on to column subtraction in Maths. In English, we have been writing about Roz's interesting journey in The Wild Robot. In Art, we have been creating our final pieces inspired by Monet's Impressionist style. In Science, we explored sound insulators and investigated which materials are best for soundproofing. In History, we looked at the mysteries of the Indus Valley, including what we still don't know about their religious beliefs.

A snapshot of this week
