

Dear Parents and Carers,

My name is Leila Patton and I am the current chairperson of the Friends of Green Lea school (FOGL).

We are a committee consisting of parents who like to raise funds for our small school. We hold many events throughout the year to raise money which goes directly back to school specifically for the benefit of the children.

In previous years we have raised funds for the new school library which has been a huge success with all the children thoroughly enjoying this facility and more recently raised enough money to provide a new home corner in class one. We are in the process of purchasing a new music trolley for the whole school to use as well.

FOGL annual general meeting is usually held in September/October and we welcome any new members to come along and meet up with existing members and other new parents to find out our plans for the coming school year.

As a parent of the school you are automatically on the committee and are very welcome to come along to any of our meetings and share any ideas for raising funds.

Over this past year with the funds we have raised we have not only been able to provide what school has needed but to also put on some fun events for the children to enjoy.

In October half term the pupils took part in a Halloween Treasure Hunt and in December there was a Christmas raffle. We also did a sponsored walk around the village for children in need with refreshments back at the village hall.

We will always keep you up to date with any plans we have over the coming year via the school text service or school letters or alternatively you can find us on Facebook, Friends of Green Lea school.

We are a very informal group who like to have a get together every term or so, usually at the Green Man in Milwich or at school and discuss what we can do to bring in some money.

We work closely with the staff at school to ensure we do our best to provide what the children currently need.

If at any time you wish to speak with me please don't hesitate to contact me on leila-patton@icloud.com or 07432 595265
