Top Tips

The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You do not need to practise them all at once; perhaps you could have a fact of the day. If you would like more ideas, please speak to your child's teacher

Use practical resources, for example -

- Counting objects around the home, making piles of 0, 1, 2, 3, 4 and 5, and then counting them in order to 5 and back.....use sweets, lego, fruit, stones, leaves etc • Looking for numbers up to 5 around the home and when you are out and about.....can they count on or back from that number?
- Singing number songs where the numbers are going backwards, e.g Five little speckled frogs, Five little monkeys jumping on the bed etc. Useful websites (games and information)
