How has transport changed?

Knowledge

People haven't always had cars to travel around in.

In 1830, people could travel on trains for the first time.

The first trains had steam engines. Smoke could be seen coming out of the chimney at the front

In 1903, the Wright brothers were the first people to successfully fly in an aeroplane. They built it themselves.

Amelia Earhart

1897 - 1937. Amelia was the first female to fly solo across the Atlantic Ocean.

Wright Brothers

In 1903, the Wright brothers were the first people to successfully fly in an aeroplane which they built themselves.
