The Artist:

Interesting Pieces

Shape

A shape is easily recognised and can be two dimensional or three dimensional.

Shape

Form

We shall make sculptures out of wire.

Don't let go!

Form

Three-dimensional and enclosed space. It has length, width and depth.

Local artist

An artist who lives close to where you live.

Knowledge

Sculpture

An art form made in three dimensions: length, width and height.

- Robin Wight was born in 1960 in England.
- His interest in sculpture began when he used to make sand sculptures on beach holidays for his children.
- His wire fairies can be seen on the Trentham Estate in Staffordshire.

Wire

Thin, flexible piece of metal

Sprinkle

Mould

Change the shape of something.
