

Dear Families,

What a wonderful week of 'Learn, Explore, Achieve' we have had! It has been lovely to speak to the children about their learning and to see their enthusiasm applied in lessons.

We are pleased to inform you that Mrs Stanton will be back in school next week. You will have noticed some different people in the Office supporting us. Mrs Johnson and Mrs Keeble have been providing some interim support from Manor Hill, as unfortunately we have had to re-appoint. Thank you for your understanding with this.

Please see further on an exciting event planned by our amazing Friends of Green Lea (FoGL).

As always. thank you for your continued support,

From, Lindsay Harris , Executive Headteacher & All of Team Green Lea

This week at Green Lea:

Class 1

In Class 1 we have continued to share and learn the story of The Gingerbread man. We have added actions to the story and the children have loved joining in. This week we also followed a recipe and made our very own gingerbread men. Luckily ours didn't jump out of the oven and we could decorate and eat them. They were yummy! In Maths we have been counting to 5 and looking at how we can represent 5. Reception have been able to show different ways to make 5 on their 5 frames.

Class 2 The Determined Deers have had a busy week starting to read The Enormous Crocodile by Roald Dahl. They have loved identifying other books that they have already read that have been written by this popular author. We have also been practising writing sentences with co-ordinations in; Year 2 'and, but, or', Year 1 'and'. In maths, the Year 2's have learnt how times tables are made up of repeating addition and Year 1 have learnt how to make 11 to 20. In RE we have been looking at different ways that we celebrate and for different events.

Class 3 The Fantastic Foxes have read the myth Theseus and the Minotaur ready to write a setting description of the labyrinth. In maths, the Year 3's have been learning how to solve reasoning problems using their times tables knowledge and Year 4's have been finding factor pairs. In music they have been listening and appraising the piece, Symphony No 9, composed by Antonin Dvorak.
