Dear Families,

What a wonderful trip to Llandudno! Class Two had a fantastic time learning all about the seaside, past and present. A huge thank you to Mrs Davies for organising such a memorable experience. The children were amazing Green Lea Ambassadors and we are all very proud of them.

It's certainly been a hot week, but I'm sure you will agree that Team Green Lea have done an outstanding job of keeping the children safe while bringing lots of *splashtastic* fun to the days! A steady supply of ice lollies definitely helped everyone stay cool.

We are hopeful that Sports Day can go ahead next week. We are very sorry that it had to be postponed, but as always, everyone's safety is our top priority.

Wishing you all a wonderful weekend. Thank you for your continued support,

Mrs L Harris
Executive Headteacher

This week at Green Lea:

Class 1: Class 1 have been staying cool this week with lots of water play. We have enjoyed tipping and pouring, filling and scooping the water into different containers. We loved jumping and splashing in the paddling pools. We've also enjoyed painting ice lolly pictures and play ice cream shops. What's your favourite flavour ice cream?

Class 2: What a super week The Determined Deers have had! They were a credit to themselves, their families and Green Lea during our trip to Llandudno. A member of the public commended them on their superb behaviour whilst we were there. 😊 In Maths, we have continued to learn about time. The Year Ones have learnt o'clock and half past and the Year Twos have learnt minutes to and past. Using the book *The Mousehole Cat*, we have written a repeating line poem all about the storm cat in the story.

Class 3: This week, Class three had an amazing opportunity. They took part in an online poetry workshop using the poems by Ian Bland. Each poem was about football. The children worked with a partner and created a poem called *Things found in a footballer's football bag*. I was very impressed with their poems. In Maths, the Year Three children worked on telling to the time to the nearest minute as well as converting digital to analogue time. The Year Four children worked on converting the 12 hour clock to the 24 hour. In Science, the children discovered what happened to their cress seeds and which were the best conditions for these to grow. Well done Class Three!
