

Green Lea First School
'Learn, Explore, Achieve'
Weekly Newsletter
25th September 2026

Dear Families,

It was wonderful to see so many families attending our Read Everything And Discover (R.E.A.D.) sessions. Thank you for your support; these opportunities make a real difference to children's learning and help strengthen the partnership between home and school. A special thank you to our Green Lea team for organising such a successful event. If you have any further questions, please do not hesitate to get in touch.

We have always been incredibly proud of our attendance, which is consistently among the highest in the country. Thank you for your continued support in helping us maintain these excellent standards. Every day in school matters, and regular attendance ensures that every child has the opportunity to 'Learn, Explore and Achieve' to their very best.

Remember to book your Parents Evening Consultation, this is a great opportunity for a one to one with your child's teacher to ask any questions and to collaborate together to ensure the best possible outcomes. If you cannot make the set dates do reach out and we can look at this for you. Thank you for your continued support. We are looking forward to another exciting week ahead.

Mrs L Harris
Executive Headteacher

Class 1: In Class 1 we have been looking at all different families. We've drawn our own families and even had a go at labelling mum and dad. We have enjoyed seeing all of the different types of families and loved talking about how all of our families are different - it was great to hear about all of the different brothers, sisters and cousins that we have. In Art, we looked at the artist Kandinsky and his circles picture which we tried to recreate. Well done everyone in Early Years for all of the phonics and Maths that we're doing too!

Class 2: This week in our English lessons, the Fantastic Pheasants have completed their first piece of writing, describing their crayons and how they were feeling. In Maths, the Year Twos have turned their partitioned expanded form into a calculation and the Year Ones have been learning less than and greater than. In History, we studied the different types of transport that people used before cars and in Science, we have been learning the importance of exercise.

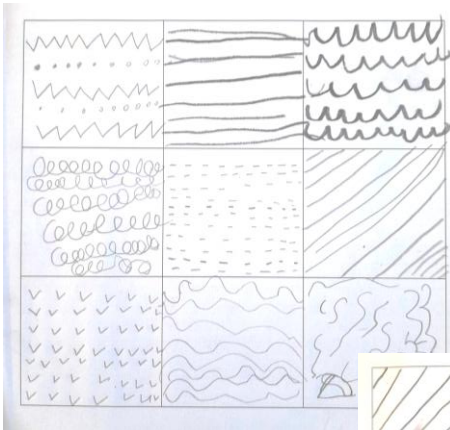

Class 3: It has been a busy week of learning in Class 3! In Maths, Year 4 have been rounding numbers to the nearest 10, while Year 3 have been finding 1, 10 and 100 more or less. In English, we have been writing setting descriptions. In Science, we have learnt how sound travels. In Art, Class 3 been developing their stippling technique, inspired by Claude Monet, to create a landscape. In History, we explored what life was like in the Indus Valley and compared the similarities and differences with life today.

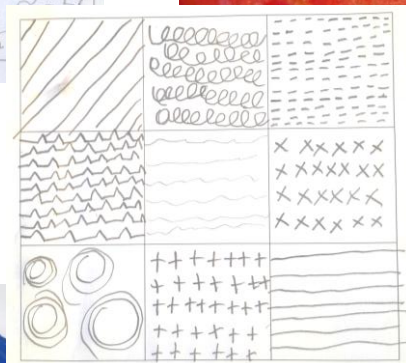

A snapshot of this week

READ workshops with parents – thanks for coming!

Art across the school
