

Green Lea First School
'Learn, Explore, Achieve'
Weekly Newsletter
2nd October 2026

Dear Families,

What a wonderful week it has been here at Green Lea First School!

We could not be prouder of our pupils, who ended the week with a fantastic Harvest Celebration performance. Their confidence, enthusiasm and hard work were a delight to see - they represented our school brilliantly.

Our incredible Key Stage One children also had a fantastic time visiting All Saints church, here in Milwich, where they enjoyed exploring the building and learning lots about it. Thank you to all who helped with this.

A huge thank you for your generous Harvest donations. Your kindness will help to support local families within the Stone and wider community and is greatly appreciated. We are also looking forward to seeing your entries for this year's Scarecrow Competition. We have an amazing autumn-themed hamper up for grabs, so get creative and join in the fun!

If you have not yet booked your Parent Consultation appointment, please do so. These meetings are a valuable opportunity to celebrate your child's achievements and discuss their next steps in learning.

Thank you, as always, for your continued support. We hope you have a lovely weekend.

Mrs L Harris

Executive Headteacher

Class 1: Class 1 have officially chosen their class name - Wiggly Worms!! So, this week we have been learning all about how useful worms are in our gardens. We have shared a lovely book called 'What The Worm Saw' and have been finding out lots of facts about worms! Did you know that the longest worm ever recorded was almost 7 metres long!! We measured this in our classroom and it's long!

Class 2: The Fantastic Pheasants have had a busy week; we started off by going to Milwich Church to learn about how Christians worship. They were a pleasure to take. Their behaviour and respect that they showed was lovely to see and be part of. We have finished our description of 'The Crayons' and are now learning about the features of a letter in English. In Maths, we are continuing to practise using and recognising place value and comparing numbers. We are also very proud of how we have learnt our poem and lines for the Harvest Assembly - we have loved sharing these with you.

Class 3: In Maths, Class 3 have completed their unit on Place Value. Year 3 have been counting in 50s using their 5 times table knowledge, while Year 4 have been learning about Roman numerals. In History, we explored what different cities in the Indus Valley looked like and the important roles they played in helping the civilisation survive. In RE, we created banners thanking farmers for the harvest and discussed what harvest means for people in need. We also did two fantastic performances for our Harvest assembly with the whole school.
